"Past All Concerns"

Over your face
Your pretty hair
That's how you came
That's how you came

I saw you there
Past all concerns
And I asked for you
I asked for you

I followed you
To your room
You took your
Clothes off

I kissed your arms
I saw your scar
You who never
Liked your life

I named you my
Black queen
You who has seen
Past all concerns
I asked for you
But you were past
Past all
All concerns

Your beauty is lost
All to yourself
But something
Still crowds
My mind

It must be your
Overcast face
It must be your
Overcast face

I named you my
Black queen

You who has seen
Past all concerns
I asked for you
But you were past
Past all
All concerns
Past all
All concerns
