Just when I thought that I've seen all that I could see  
My eyes wide open, yet I refuse to believe  
If my eyes don't deceive me it's right there in front of  
me  
If I just take it there's nothing to stand in my way  
But if there's confusion it's just an illusion  
Biding the time. Take nothing for granted today

Maybe I'm just lost c'est la vie.

Day after day I keep falling from reason  
Just trying to live and find my way  
But I open my eyes to a new sense of freedom  
Inside the light of a brand new day

Let's make this interesting. I'll wager everything.  
Now placing bets against everything I could dream  
What's left to loose if you've lost your integrity  
Mind crashing in as I come back to reality

Maybe I'm just lost c'est la vie.

Day after day I keep falling from reason  
Just trying to live and find my way  
But I open my eyes to a new sense of freedom  
Inside the light of a brand new day

Everything in life I believed was one way I was so wrong  
All the things I wanted to be It's not a dream it won't be  
long  
Until I wake up and realize that yesterday is over  
Today I finally recognized that now it's time to find my  
way

Day after day I keep falling from reason  
Just trying to live and find my way  
But I open my eyes to a new sense of freedom  
Inside the light of a brand new day

Maybe I'm just lost c'est la vie. Will I find my way?  
Maybe I'm just lost c'est la vie. Will I find my way?

Open my eyes X4
