It's been a long time commin' now I'm wonderin'  
How to feel I've got to wonder why I'm still waiting for  
you  
And then a little by little I noticed you started changin'  
your heart was changin'  
And you just might not live without me

Why won't you just say maybe to me?  
Maybe is all I'll ever need  
Why won't you just say maybe to me?  
Maybe is all I'll ever need from you

And now it seems that minute-by-minute I'm falling  
harder but I'm getting farther from you and what really  
matters  
Maybe it was destiny or maybe it was you and me but it  
just feels right  
So how can you fight? Oh just let it be

Why won't you just say maybe to me?  
Maybe is all I'll ever need  
Why won't you just say maybe to me?  
Maybe is all I'll ever need from you

I was wondering  
What you see in me?  
Is this for real because I'm losin' it here for you and me  
Hear myâ€¦ want myâ€¦ try my everything

You've got to want to be with me  
Cause I don't think that I  
Could take the reason why  
Every time I find the time to get inside my mind  
I wanna run I wanna hide I wanna bleed I wanna die

Can't you see?  
How much you mean to me  
Can't you see?  
I'd give you everything  
Can't you see?  
That I would do anything  
To make you fall in love with me

Chorus x 2
