Tell me 'cause I would trade tonight for yesterday?  
I can see it slippin' down the drain  
And I just can't explain  
Why you are the reason that I'm stained

Tell me 'cause I don't know if I deserve the blame?  
I feel the words I hear are just profane  
But I just can't complain  
Still you are the reason that I'm stained

Do you remember what you left behind?  
Were you ever even here?  
Do you remember if it was beautiful?  
Or have the memories disappeared?

Excuse me will the water on the beach wash this  
away  
I can see the footprints in the sand we've made  
I think of you and me most everyday  
And I just need to find the words to say

Do you remember what you left behind?  
Were you ever even here?  
Do you remember if it was beautiful?  
Or have the memories disappeared?

Can you and I change the world for the better  
If we lose ourselves and went back to the start  
Maybe I should just try to forget her  
And just find myself and let it fall apart

Do you remember what you left behind?  
Were you ever even here?  
Do you remember if it was beautiful?  
Or have the memories disappeared?

Do you remember what you left behind?  
Were you ever even here?  
Do you remember if it was beautiful?  
Or have the memories faded?  
What if you'd just waited?  
Or have the memories disappeared?
