I want you
There's not a single thing about you that I'd change
I need you
You keep on swimming round and round inside my
brain

You're so much brighter
Than all the shops and city streets
You're a fighter
And that sure seems good to me
Like a fool
I still believe in you and me boy

(Chorus)
Hey U
Hey U
Don't waste your tears on me
That thing called love
It always gets you in the end

I'm sorry
I know I messed up quite a bit along the way
We learn things hard
and as soon as we forgot just how to play
But I wanna take ya
From all this grind and all this grief
Want to help ya
To be all that you can be
Que Sera,
Your desire, all goes, to me, boy

(Chorus)
We fall and we flounder
Need something to ground ya
Took so long to find ya
But then when it clicked you just flew
(Will I ever sing our song again?)
Ba dum ba dum ba dum ba du uuuuUUUUm

Yeah,

Ohh,

Ohh,

Heeeeeeeeeeeey
hey You,
Hey You,
Don't go and break your heart
I told you from the start,
give me a travelling man,
that thing called love (that thing called love)
It always gets you in the end

Hey you
hey you
don't go and break your heart,
i told you from the start
give me a travelling (hah) man,
that thing called love
It always gets you in the end.

Yeah

Ohh

{That thing called love,,,,it always gets you in the end}
