Just one kiss
will make it better
Just one kiss
and we will be alright
Just one kiss
will make it better
Just one kiss
and we'll be flying high

Just one kiss
will make it better
Just one kiss
and we will be alright
Just one kiss
will make it better
Just one kiss
and we'll be flying high

Just one kiss
will make it better
Just one kiss
and we will be alright
Just one kiss
will make it better
Just one kiss
and we'll be flying high

and we'll be flying high
