I got you in my heart,
I got you in my head.
Your magic it surrounds me.
I've got you in my heart,
I got you in my head.
Let's make a rendezvous.
I've got you in my head.
Let's make a rendezvous. (3x)
I got you in my heart,
I got you in my head.
Your magic it surrounds me.
I've got you in my heart,
I got you in my head.
Let's make a rendezvous.
I've got you in my head.
Let's make a rendezvous. (3x)
I've got you in my head.
I got you in my heart and I got you in my head.
I've got you in my head.
Let's make a rendezvous. (3x)
I've got you in my head.
I got you in my heart and I got you in my head.
