I got you in my heart
I got you in my head
Your magic it surrounds me

I've got you in my heart
I got you in my head
Let's make a rendezvous

I've got you in my head
Let's make a rendezvous
Let's make a rendezvous
Let's make a rendezvous

I got you in my heart
I got you in my head
Your magic it surrounds me

I've got you in my heart
I got you in my head
Let's make a rendezvous
I've got you in my head
Let's make a rendezvous
Let's make a rendezvous
Let's make a rendezvous

I've got you in my head
I got you in my heart
I got you in my head

I've got you in my head
Let's make a rendezvous
Let's make a rendezvous
Let's make a rendezvous

I've got you in my head
I got you in my heart
I've got you in my head
