### "What's A Girl Gotta Do"

(feat. Paloma Faith)

Go on with a smile your joints so out of place  
miles from the world so by far you get my praise  
on your dog is face paint I see the tracks of his  
running around like a mouse in a cage for a thousand  
years

drinking wine to take away your pain  
collect all the tears you cry  
collect them all for me  
what's a girl gotta do to get your attention  
well and nothing's ever happened no oh  
what's a girl gotta do to have some fun with you  
shut your mouth put your lips on me

i feel guilty waiting for you to notice me  
should i write it on my forehead do you need it on TV  
can't you see i'm a freak for you as sweet as tea and  
lime  
and it so clear to me you are empty as can be

drinking wine to take away your pain  
collect all the tears you cry  
collect them all for me  
what's a girl gotta do to get your attention  
well and nothing's ever happened no oh  
what's a girl gotta do to have some fun with you  
shut your mouth put your lips on me

how does one equal three  
sometimes it is hard to find  
sometimes to my surprise  
cause all i want to do is die

when you touch me  
yeah you want me  
when you touch me  
yeah you want me

no sir don't

buh doomp buh duh doomp [x2]

what's a girl gotta do to get your attention  
well and nothing's ever happened no oh  
what's a girl gotta do to have some fun with you  
shut your mouth put your lips on me [x2]

dali llama caught you ah caught you ah
