Love comes, love goes,
But a sudden feeling never lets me be
Somehow I know
Quite a part of me isn't changed
Since you've been gone

Like a sturdy tree
That's seen a thousand seasons,
I've to shed my leaves in winter
To grow them back in spring
To welcome life again
To welcome you

So goes my life;
Still believe in dreams of having you around
Too bad mem'ries
Feed the mind and not the heart
Where I want you to be

So I ask myself what you have left behind for me
To go on each day to live
As if I have you once again
What else is there that's real
But all the pain that I feel

Chorus:
So let the pain remain forever in my heart
For ev'ry throb it brings
Is one more moment spent with you
I let the pain
Bring on the rain
If that's the only way
If there's no other way
To be with you again

Too bad mem'ries
Feed the mind and not the heart
Where I want you to be

So I ask myself what you have left behind for me
To go on each day to live

As if I have you once again
What else is there that's real
But all the pain that I feel

Chorus:

So let the pain remain forever in my heart
For ev'ry throb it brings
Is one more moment spent with you
I let the pain
Bring on the rain
If that's the only way
If there's no other way
To be with you again

So let the pain remain forever in my heart
For ev'ry throb it brings
Is one more moment spent with you
I let the pain
Bring on the rain
If that's the only way
(If that's the only way)
If there's no other way
To be with you again

So let the pain r
