i still love when i'm guarding every beat of your heart
i still love when it's dark and your alone
i still want to have hold you every step of the way
i'm still yours til the end

i still love
i still love
i still love
i still love

i still love when i'm guarding every beat of your heart
i still love when it's dark and your alone
i still want to have hold you every step of the way
i'm still yours til the end
i still love when i'm guarding every beat of your heart
i still love when it's dark and your alone
i still want you, i hold in every tear that i cry
i'm still yours til the end

my life is a mystery
but i cannot run from my destiny
oh babe i just wanna let you know
i still love when i'm guarding every beat of your heart
i still love when it's dark and your alone
i still want to have hold you every step of the way
i'm still yours til the end

i still love when i'm guarding every beat of your heart
i still love when it's dark and your alone
i still want to have hold you every step of the way
i'm still yours til the end
i still love when i'm guarding every beat of your heart
i still love when it's dark and your alone
i still want you, i hold in every tear that i cry
i'm still yours til the end

i still love
