You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side

her hair is dancing in the wind  
her eyes are burning off my skin  
And I'm so happy when I see her  
That she is smiling back at me

she is living burn marks on the ground  
Thank you God for what I've found  
I don't know how, I don't know why  
That she is my angel in my dreams

You are my light in the dark  
You are the beating in my heart  
Let me hold you now  
Just like days before we sat together in history

she, plz be my light in the dark  
coz You are the beating in my heart  
But that is not enough  
Will I ever be by your side?

I try my best to satisfy  
But all you do is laugh off ur head  
I don't know what I'm gonna do  
But I'm so CRAZY about you

Even if I don't know where to start  
Even if my love is tearing me apart  
I just know that you and me  
We were ALWAYS meant to be!

she u are my light in the dark  
u are the beating in my heart  
plzz Let me hold you now  
Just like days before you started to ;-(

she u are my light in the dark  
You are the beating in my heart
