Ladies and gentlemen
In this clip I'm going to show you the art of
transformation

I was watching a Swedish commercial
about lawnmowers
When I heard a beautiful melody in the background

So I recorded it
and for you to understand the transformation
I'm going to play you the low quality sample I recorded
Pay-attention to the piano in the background
and enjoy the transformation

(Swedish commercial playing)

Now this is how I started

And then I added the melody

And Now
The Transformation

This is the Hardest

This is the Hardest

This is the Hardest the hardest the hardest Fucking
lawnmower in the Fucking world!!!
