We are the lazy generation
No more standing out in line
So good at wasting our time

We are the lazy generation
We are the lazy generation
We are the lazy generation
Now

We are the lazy generation
We are the lazy generation
We are the lazy generation
Now

Stand up and shout
We wont be there for you
(hey hey hey hey hey lets go)

We are the lazy generation
They call us social mutations why
You can just drop dead and die

Nothing we do ever seems to matter
Just like shit on a silver platter shines
Yeah you know just where we stand

Stand up and shout
We wont be there for you
Hey hey hey hey hey lets go

Stand up and shout
We wont be there for you
Hey hey hey hey hey lets go

We are the lazy generation
We are the lazy generation
We are the lazy generation
Now

We are the lazy generation
We are the lazy generation
We are the lazy generation

Now

Stand up and shout
We wont be there for you
Hey hey hey hey hey lets go

Stand up and shout
We wont be there for you
Hey hey hey hey hey lets go

We are the lazy generation
We are the lazy generation
We are the lazy generation
We are the lazy generation
Now
