An earthquake's dancing in my mind  
I wonder why sometimes I'm blind  
There's an answer I can't find

Fault of mushrooms, yes, I'm sure  
Now I feel a little foolish  
Small or big, there is no cure

Alice in Wonderland  
Heroin left me without friends  
'Cause I'm Alice in Neverland  
I'm waiting for a beautiful end

A strange man with a queer hat  
Always provides me with some crack  
Then I can see a pink-blue cat

A white rabbit runs away  
I think he's looking for cocaine:  
Sweet relief for his mad brain

Alice in Wonderland  
Heroin left me without friends  
'Cause I'm Alice in Neverland  
I'm waiting for a beautiful end
