Today is better than yesterday
But tomorrow is my birthday
The greatest of every day

Tomorrow was the first day
Tomorrow maybe the last day
Tomorrow was the first day
Tomorrow maybe the last day
Tomorrow was

Today is better than yesterday
But today is my birthday yhe same of everyday

Today was the first day

Today maybe the last day
Today was the first day
Today maybe the last day
Today was

Today is better than yesterday
But Wednesday was my birthday
The longest of every day

Wednesday was the first day
Wednesday maybe the last day
Wednesday was the first day
Wednesday maybe the last day
Wednesday was
