Howl into the night
To the still of the dark
Shout into the silence
And etch out your bark
How angry you are
You won't take it anymore
And watch as the people run to your door

They hurt your heart
They hurt it well
And came to your assistance
In a humanitarian swell

Werewolf howl
Werewolf howl
Roar, scream, shriek, yip, yowl
Werewolf howl

(Roar, scream, shriek)
Howl
(Yip, yowl)
Howl
(Werewolf roar, scream, shriek)
Howl
(Yip, yowl)
(Werewolf)

They came from the sky
They came from the fields
They rode in unsinking boats
Rented their gloves and coats

They hurt your heart
They hurt it well
And came to your assistance
In a humanitarian swell

Werewolf howl
Werewolf howl
Roar, scream, shriek, yip, yowl
Werewolf howl

(Roar, scream, shriek)
Howl
(Yip, yowl)
Howl
(Werewolf roar, scream, shriek)
Howl
(Yip, yowl)

(Werewolf roar, scream, shriek, yip, yowl)
(Werewolf roar, scream, shriek, yip, yowl)
(Werewolf roar, scream, shriek, yip, yowl)
(Werewolf roar, scream, shriek, yip, yowl)
(Werewolf)
(Werewolf)
