Por que tu lloras
everytime i think about it a mi me rosa
el tono de tu voz a mi me controla
the way yo want it, i got, come and get it, get it started,
dami mami, i wan more!

girl, tu saves que te quiero a ti, amor i want to be in to
you
let me love you
i need to love you
i want to love you

girl ...i dont need to know your name
we just need to feel the same
ooohhh yea yea..... y en tu galeria de nombres quiero
ser el que tu llamas!

Ila no llores nina no te pares let me love you
sigue adelante quiero amarte let me love you (2x)
