Since you've been near me,
I've been all at sea,
I don't know where to turn,
I don't have much to say,
It was all so much simpler until you thought you'd stay,

Chorus

Don't touch what you can't respect,
Turn around see that door,
Pick Your Life Up Off The floor,
Make it all easier for the both of us,
Just Leave, Just Leave, Just Leave.

Yeah so I fell in love with you,
But when you started this it was the last thing i could
do,
I had to fall out I had to fall out,

It makes it so hard when you just scream and shout,
Go find someone else to play your stupid games,
To each other now, we are just names,

chorus x2

So go find one of those plenty more fish,
If the saying is right you will have no trouble,
No trouble finding someone to fall for your ways,
But as for me i think we are both seeing better days,
I may miss you for now but in end we're better off,
