Bat Attack

When I went for a treasury hunt in a place far far away
I really had a scary nightmare for the time I went to
stay

I thought I could find it in a place called Devil's Cave
I was warned by a 1000 men but I just couldn't wait
It was a bat attack they scared me to death it was a bat
attack

I walked throught the woods for a 100 miles it was
raining all the time
After a week I saw a cloud of bats coming my way

Searched for a place to hide that I thought they
couldn't find

But they were fast, their teeth were sharp and my
screams were very loud

I walked throught the woods for a 200 miles it was
raining all the time

After a week I saw a cloud of bats coming my way
Searched for a place to hide which I thought they
couldn't find

But they were fast, their teeth were sharp and my
screams were very loud
