Locked in this chamber  
For ages to come  
Home is here  
In this oblong box  
Velvet and lace  
Caressing my skin  
A flash of memories tells me  
What has been the last winter of my life

Comatose survival  
Forced me  
Subconscious terror  
Made me breathe

Burial rites  
I can't recollect  
Woke up after my medicine fix  
Seen awe and horror  
Nobody should  
They kept me alive  
By the grace of the lord

Cold sweat asphyxiate  
The cracks of my coffin  
It won't let me breathe  
I should have been killed  
While I was alive

Dirt is slowly creeping  
It's way into my mind  
Webs of desolation  
Spread in my soul and heart
