Titan monster - monolith

On the road to chaos, theatre of pain

Eve of mass destruction, missile never seen

Technology advancing, will this be our win?

Monolith

Victory or death, steel flows through our veins

Laboratory madness, one shell a thousand deaths

Need to turn the tide, for the Führer we can't fail

Monolith

V2 - our saviour

Titan monster - monolith

Facility a secret, research is obliged

Prepare the missile launcher, corrosion is at hand

Swift preparation, detonate and win

Monolith

Death from the sky - oblivion curse - strike of might

Battery power - atomic blast - Sturm und Drang, für
alle
