Swamps of green are damping  
Fro the smelling pits of the earth  
Boiling metal structures  
Witness acts to an exalting death

Cold war crisis lives again  
Leaders of the western world  
Race the eastern tyrant kings  
Primal nuclear control  
Advantage built, warheads mount  
Tension rise again  
Talks of peace and disarm sheets  
Freedom speeches lost

Choke the earth with fallout clouds  
Erase your kind without remorse  
Fall to fear and mind control  
Theory of chaos born

Full speed head-on target clear  
Countdown has begun  
Nearing death's door  
Hostile factions prepare for this war  
Bend the truth to save your face  
Blame it on your enemy  
Sworn secrecy  
We know what roams underground

Thousands of missiles standing  
Rising heads for launch  
One skeleton hand, presidential stand  
Goes for the red button  
The rockets sing a hymn of death  
Dust will cover all  
Debris is flying all around  
And radiation starts to fall

Neon corpses dwell around  
Mutations start to grow  
Cancerous breed, infected seed  
Toxic breath of millions  
Another dawn, another year

Another era rotting  
Chemical war is all around  
And radiation it falls

Expulsion of the human race  
Where is the president  
Buried with the same effects  
Of mass retaliation  
Bunkers ooze, reactor fluids  
No matter where you were  
Corruption runs through human minds  
Ultimate devastation
