Do you kiss your lover when you leave the house?  
Is this the last time that you'll see him?  
Are you sitting comfortable are you feeling proud?  
Are you turning heads when you shout?

All my sorrows I give to you,  
All my pain and wasted years,  
I'm feeling tired so I'll have to go.  
It's a beautiful dynasty.

Did you clip the mountains, fall into air?  
Are you feeling a little scared?  
Is there white rain, in your heart?

And does that make you what you are?

All my sorrows I give to you,  
All my pain and wasted years,  
I'm feeling tired so I'll have to go.  
It's a beautiful dynasty.

It's so beautiful  
It's so beautiful  
It's so beautiful  
It's so beautiful  
It's all...

All my pain and wasted years,  
My pain and wasted years,  
My pain and wasted years,  
Are no better than nothing
