If we are the only ones, I will disappear.
If we are the only ones, I will disappear.

Children cry, all the time.
Maybe they're relatively heart broken,
And there's no music but mother's smile.
Take this down and don't ask why.
I am just a human being, yet that is hardly worth dying
for.

And in between, we will fall to our knees,
In between shooting through you all.

If we are the only ones, I will disappear.

Take this down, it's no crime.
See I have never been so suspicious

And I have never ever stopped.

Grown men cry, all the time.
Maybe they're relatively heart broken,
Maybe they're relatively sad.

And in between, we will fall to our knees,
In between shooting through you all.

If we are the only ones, I will disappear.
If we are the only ones, I will disappear.
If we are the only ones, I will disappear.
God help us.
If we are the only ones,
If we are the only ones,
If we are the only ones,
If we are the only ones, won't somebody tell for sure?
Cos I know, I know, I know, if we are the only ones
