When I come back from a mighty quest

I have no need for sleep or rest

I head to a tavern for a drink

And get so drunk I cannot think

A wench by my side and a jug of mead

These are the things that I most need

So I sit back and sing this song

And drink and party all night long

HEI! HEI!

I want more wenches

HEI! HEI!

More wenches and mead

HEI! HEI!

I want more wenches

Lots of wenches is what I need
