Dream Magic your my Love  
Dream magic your my  
feeling can  
you give me a dream tonight  
can you feel my love

When i sleep i dream from Magic  
when can you give me  
a Dream  
Why not again?  
Why not at once  
I like you, but i don't see you in a dream

Magic, when can you feel my love?  
Oh no, not at once , but when i sleep,  
Then i have a dream ,  
Then i dream from magic

When i wake up, Iâ´m happy  
Because i had a nice dream, then i go downstairs and  
watch TV,  
And what do i see ?  
I see magic !
