I never felt alone, I was happy on my own
And who would ever know there was
Something missing
I guess I didn't see the possibility, it was
Waiting all the time
But it never crossed my mind, till you
Opened my eyes.

Now all I think about is you, in my life,
In my dreams
In my heart I know it's true that I belong to you
Because of you in my world, in my arms,
I have everything
And I know I can't imagine what I'd do
Without you

I never thought love could be such a curiosity
What attracted you to me was so unexpected,
But it was waiting all of the time and it never
Crossed my mind, till you opened up my eyes

Now all I think about is you, in my life, in my dreams,
In my heart I know it's true that I belong to you
Because of you in my world, in my arms,
I have everything
And now I can't imagine what I'd do
Without you

You in my life, in my dreams, in my heart,
I know it's true that I belong to you
Because of you in my world, in my arms,
I have everything
And I can't imagine what I'd do

Without you, in my life, in my dreams,
Inn my heart I know it's true, that I belong to you
Because fo you in my world, in my arms,
I have everything
And how ican't imagine what I'd do
I can't imagine what I'd do... without you...
