The sunday mornin' gospel goes good with the soul

There's blues, folk, and country, and rock like a rollin'
stone

The world could come together as one

If everybody under the sun

Add some music to your day

(Add some music add some add some music to your
day)

A bob didit a bop didit

You'll hear it while you're walkin' by a neighbor's home

You'll hear it faintly in the distance when you're on the
phone

You're sittin' in a dentist's chair

And they've got music for you there

To add some music

(Add some music add some add some music to your)

To your day

A bob didit a bop didit

Add some music music everywhere (add some music)

Add some add some add some add some music (add
some music)

Your doctor knows it keeps you calm

Your preacher adds it to his psalms

So add some music

(Add some music add some add some music to your)

To your day

Music

(Add some music add some music)

When you're alone

(Add some music add some music)

Is like a companion

(Add some music add some music)

For your lonely soul

Oo oo oo woo oo woo oo oo oo oooo

When day is over (when day is over)

I close my tired eyes (I close my tired)

Music is in my soul

At a movie you can feel it touching your heart

And on every day of the summertime

You'll hear children chasing ice cream carts

They'll play it on your wedding day

There must be 'bout a million ways

To add some music

(Add some music add some add some music to your)

To your day

Add some music to your day

Add some music to your day

Add some music to your day

Add some music to your day

Add some music to your day
