Today could be a lot of fun and precious one  
I'd feel good just to walk with you  
Tonight will be a special treat, you're so sweet  
And I feel good just to talk with you

You know that I been a long time needing you  
You say that you been a long time needing me  
And don't you know that there's so much more to come  
I got a heart that just won't stop beating for you  
I got a love I just can't stop feeling for you

Aren't you glad now darling there's me and you  
(Tell me tell me you know what I mean)  
(Me and you)  
And I say aren't you glad with these days comes  
somethin' new  
(Tell me tell me you know what I mean)  
(Me and you)  
And I say aren't you glad now tell me you're so glad  
[Me and you]

(Doo, doo, doo, doo, doo, doo, doo, doo, doo,  
doo)  
Today is another day  
Another way to get this feeling across to you  
Tonight will be another night  
That's outta sight 'cause I know the way to get close to  
you

You know that I'll be a long time loving you  
I hope that you'll be a long time loving me  
And don't you know that there's so much more to come  
I got a heart that just won't stop beating for you  
I got a love I just can't stop feeling for you

Aren't you glad now darling there's me and you  
(Tell me tell me you know what I mean)  
(Me and you)  
And I say aren't you glad with these days comes  
summer  
(Tell me tell me you know what I mean)  
(Me and you)

And I say aren't you glad now tell me you're so glad  
(Me and you)
