Ooh, ooh, going on

When in the morning
I must arise
I look in the mirror
It couldn't be clearer
Something is gone from my eyes

Going on (going on)
Going on

I know what is missing
Cause since you've been gone
My mind keeps on reeling
(My mind keeps on reeling)
My heart keeps on feeling
(My heart keeps on feeling)
Why is my love going on (going on)

Going on (going on)
Going on

I love you, I miss you
Things won't be the
Same till I kiss you
I'm empty without you
My heart's full with
My arms about you

Ooh...

We said it was over
We're living apart
We couldn't quite make it
(We couldn't quite make it)
But still I can't shake it
(But still I can't shake it)
Our love still lives on
In my heart (in my heart)

Going on (going on)
Going on

I love you forever
Love won't be the same
Again ever (same again ever)
Without you (without you)
I'm longing (I'm longing)
You gave me a sense of belonging

Ooh, ooh, going on

Why is my love
Going on (going on)
Going on (going on)
Going on

I love you, I miss you
I'm sorry, forgive me
(Won't you forgive me)
Believe me (believe me)
My lover (my lover)
There never could be any other

Ooh, ooh, going on

Come be my redeemer
Awaken me, beautiful dreamer
(Beautiful dreamer)
I love you (I love you)
I miss you (I miss you)
Things won't be the same
Till I'm with you
