When you say you do
Makes me want to spend life with you
I never knew life could be so good

When you say you care
Wanna be right there beside you
And show the world
You've been good to me and you know I do

All my love, you are my love
Without your love I go nowhere

All my love, you are my life
You are the girl I'm dreamin' of
You're the one I really love
I do love you, I do love you

I do love you, I do love you

When you say it's true
Lets me know we'll be forever
Insightful joy of a love so good

When you say you care
Wanna be right there beside you
And tell the world
You've been good to me and you know I do

All my love, you are my love
Without your love I go nowhere

All my love, you are my live
You are the girl I'm dreamin' of
You're the one I really love
I do love you, I do love you

I do love you, I do love you
I do love you, I do love you
I do love you, I do love you
I do love you, I do love you

I do love you, I do love you

I do love you, I do love you
I do love you, I do love you
I do love you, I do love you
