She knows me  
She knows me

Sometimes I have a weird way  
Of showing my love  
And I always expect her  
To know what I'm thinking of

She knows me

I treat her so mean  
I don't deserve what I have  
And I think that she'll forgive  
Just by making her laugh

But she knows me  
(She knows me too well)  
Knows me so well  
(She knows me too well)  
That she can tell  
(She knows me too well)  
I really love her  
(She knows me too well)

I get so jealous  
Of the other guy  
And then I'm not happy  
'Til I make her break down and cry

She knows me

When I look at other girls

It must kill her inside  
But it'd be another story  
If she looked at the guys

But she knows me  
(She knows me too well)  
Knows me so well  
(She knows me too well)  
That she can tell

(She knows me too well)  
I really love her  
(She knows me too well)

She knows me  
She knows me

When I look at other girls  
It must kill her inside  
But it'd be another story  
If she looked at the guys

But she knows me  
Knows me so well  
That she can tell  
I really love her  
(She knows me too well)

She knows me too well  
She knows me too well  
She knows me too well  
She knows me too well
