Of all things beautiful and untimely
Our future is still the most love,yet.

.
The miles we've been through together
Still will be just as long.

Compassion makes way for helping out doubt
In turn explains the souls peace indeed !

Just in time we live
Everything will work out.

There was a day in years and years ago
When pearl white clouds
Would clear up all.

Never being hurtful.
It was the way dreams shared humanity.

Through the sense of all time when we closed our eyes,
The beautiful image of sincerely missing you.

Blind creeds of false kings
Have had their day

Once we asked what was in the way
Because it was expected to stay the same way.

Being awake happy
Fell in with all the aftermath of commercial insight..

Were not helpless,and broken,
And the tidal wave of child is father of man seemed a
sad ruminating

.
(We let love get away from us)
Its kindness suffered from death and understanding of
time.
Accepting fact to much as growth to fade.

Its a present time of us together

Letting our smiles know they were always there.

.
Keep forever bigger than yesterday
Sing in our prayers of joy..
Sincerely Missing You!
