Time for supper now

Day's been hard and I'm so tired

I feel like eating now

Smell the kitchen now

Hear the maid whistle a tune

My thoughts are fleeting now

Still I dream of it

Of that happy day

When I can say I've fallen in love

And it haunts me so

Like a dream that's

Somehow linked to all the stars above

Young and beautiful

Like a tree that's just been planted

I found life today

I made mistakes today

Will I ever learn the lessons

That all come my way

Still I dream of it

Of that happy day

When I can say I've fallen in love

And it haunts me so
Like a dream that's
Somehow linked to all the stars above
When I was younger
My mother told me
Jesus loved the world
And if that's true then
Why hasn't he helped me to find a girl
And find my world
'Til then I'm just a dreamer
I'm convinced of it
The hypnosis of our minds can take us far away
It's so easy now
You see someone up there high
And heaven's here to stay
Still I dream of it
Of that happy day
When I can say I've fallen in love
And it haunts me so
Like a dream that's
Somehow linked to all the stars above
I'll find my world
I'll find my world
Someday I'll find my world
Whoa oh oh oh oh oh

Yeah yeah yeah
