The tired day is gone  
The hotel lights are on  
There's stillness in the night, the city's sleeping.

As you lie there in your bed  
A tune stays in your head  
This sleepy lullaby comes softly creepin'.

Since I can't be there tonight  
To hold and squeeze you tight  
Oh baby...

This song wants to sleep with you  
This song wants to sleep with you  
This song's gonna sleep with you tonight

The melody comes near  
And whispers in your ear  
Through the misty nights some distant train goes  
reelin'.

If I could be anywhere  
I'd wish that I was there  
And if you should hear 'I love you' that's me singin'.

This song's a little blue  
'Cause songs get lonely too  
Whoa baby...

This song wants to sleep with you  
This song wants to sleep with you  
This song's gonna sleep with you tonight

Soft serenade, gives you soul sweet dreams  
Pull down the shade, nothing's wrong  
(can't you feel it, can't you feel it)  
Guardian angels watch, over you at night  
That's really me, and my song, and my soul

The telephone wires hiss  
To bring someone a kiss

This melancholy tune is softly fadin'.

Sweet dreams keep coming on  
Deep into the dawn  
Oh baby...

This song wants to sleep with you  
This song wants to sleep with you  
This song's gonna sleep with you tonight

This sleepy lullaby comes softly creepin'  
This melancholy tune is softly fadin'  
Oh, whoa oh...

(This song's gonna sleep with you, this song's gonna  
sleep with you)
