Buy the gap buy the right mirror sign
I'm used to living on the other side

Buy the gap buy the right mirror sign
I'm used to living on the other side
Like peace in the middle east
It's one week perpetually out of reach

Slowly slicing up a little lie
Straight face I look just like a standup guy
Sweet face and a dapper taste
Some wasted junkie gonna stuff his face

Long and lean God save the queen
Peace in the world is peace in my brain
Just say the word saintly and kind
I'm gonna get high one bag at a time

Long and lean God save the queen
Peace in the world is peace in my brain
Just say the word saintly and kind
I'm gonna get high one bag at a time
