We stood in the field singing
not Hallelujah
We stood in the field singing
what happened to you
She said:
I've been down by the river
where I've been swimming forever
And the water welcomed me,
and it is nice to see
that you all agree
I am welcome
I am welcome
Thank you, I feel welcome
Thank you, I feel welcome
I feel welcome
I feel welcome
I feel welcome
I feel welcome

We stood in the field singing
not Hallelujah
We stood in the field singing
what happened to you
She said:
I've been down by the river
where I've been swimming forever
And the water welcomed me,
and it is nice to see
that you all agree
I am welcome
I am welcome
Thank you, I feel welcome
Thank you, I feel welcome
I feel welcome
I feel welcome
I feel welcome
I feel welcome
