Boy on steroids wants to grow
Into his own say so
Girl enters her diet
Dream overloaded can she fly it

Everybody wants to wear
The suitable ideals

Boy wants to be
Modern and out of bed
Girl wants to be
In the right revival and ahead

Everybody claims to care
It's fashionable oh yeah

Boy wants a slice
Of rough street life
Shining at the bottom of his rad and
Self-glorifying eyes
Girl wants her downfall
To be the most tragic and beautiful

Everyone deserves to burn
Who's next in turn

Boy wants his share
Of the ozone layer
Girl screams instructions from the backseat
Wants to go everywhere
