"Dead From The Waist Up"

I have looked and I found
you're the stupidest person around
you look good but thats all
you got going for you and nothing more

and is it enough?
no way
you better shape up
get smart before it's too late
not enough?
no way
you're dead from the waist up
spineless fuck I'm afraid

I know what you think and it's true
a lot of guys would do anything
to be a little bit like you
but there come's a time
in everybodys life
when our brain and heart is hardware
and your dick comes in ???

and is it enough?
no way
you better shape up
get smart before it's too late
not enough?
no way
you're dead from the waist up
spineless fuck I'm afraid
