We were big shirts in the wind
Walking headaches on Elvis Beach
Mouth full of different songs
And out of reach
Mouth full
Away from the flames
Mouth full, (like a whisper)
Crashing the waves

Come on Hokey

We were big shirts in the wind
Walking headaches on Elvis Beach
Mouth full of different songs
And out of reach
Mouth full
Away from the flames
Mouth full
Crashing the waves

Come on Hokey

On your heads on your knees on Elvis Beach
Get down on the beach
Wailing for substance
