"Fist or hand"

My flame is tamed and now it's yours
if you follow the beat
Yes, there have been palms attempting before
but they couldn't stand the heat

What's the matter nervous lover?
Are you a chicken or a man?
Is this wrestling or embrace?
Is this fist or hand?

Drum rolls and fireworks, canons and guns
Where do you stand?
Resting or dying, free or left out.
Do or disband?

What's the matter nervous lover?
Are you a chicken or a man?
Is this wrestling or embrace?
Is this fist or hand?
