Tip of the iceberg we're fucked haven't you heard
Free to do what we're told won't you ever learn
Tip of the iceberg we're fucked haven't you heard
Free to do what we're told won't you ever learn

Give away what others die to sell you're it
Least loved of the unloved hope on hope you're it

Tip of the iceberg we're fucked haven't you heard
Free to do what we're told won't you ever learn
Tip of the iceberg we're fucked haven't you heard
Free to do what we're told won't you ever learn

Wasters of oxygen makers of the end
Shareholders of DNA you all soon extinct
