Damage is done heavenly one
Nowhere's safe from his grace
He says nothing's wrong with
Parental loving
And anyway that was ages ago

But one day you'll get married
To someone big and scary
A hairy monster of a man
Who'll make sure he's taken care of
'Cause of burdens you've been carrying
Kill him off if you can

In the cellar you claimed the devil
Lived and nourished of our love
Hideout's found out,
Everything we cried about
Underground is finally overground
Out in the open
And at last you got married
To someone big and scary
A hairy monster of a man
Who'll make sure he's taken care of
'Cause of burdens you've been carrying
Kill him off if you can
