"Caveman"

I am a modern caveman
Sittin' here by the fire
These hands of mine been busy
They never seem to tire
I am a fearless hunter
Look at all these bones
Sometimes i sit and wonder
Who i am and what I'm for
I'm a caveman
I painted lots of pictures
And made up my own songs
I shivered through the winters
The pain has made me strong
I'm looking for a woman

To help me count these stars
Then maybe she could show me
Who i am and what i'm for
I'm a caveman
I named the constellations
And taught myself to swim
Created my creator
And made me look like him
I pondered my condition
Till my head began to ache
Right now I'm going fishin'
It's good to be at the top of the food chain
I'm a caveman
