Yo, there's Aamon and Abaddon  
And Ekimmu from babylon  
Pazuzu was sumerian and fought against the Metatron  
There's Abalam and Alawar and Azazel the Canaanite  
Mephostopheles was humanoid and known to fly at  
night  
Agrat Bat Mahlat was one of satan's wives  
Go head and call him Azriel it's Beelzebub that rules  
the flies  
When skimming through the alphabet of demons you  
see Baphomet  
Dantalion's with Solomon reclaiming all his pieces bet  
Set is the demon of storms you see  
Evil is evil and takes different forms believe  
You me there was Astaroth the ugly  
And Belphegum the moabite diseased his skin was  
bubbly  
But the biggest one is Lucifer the morning star  
The enemy the tempter the accuser  
Come to lay the law  
He came to legions of this evil  
He's the prince of the earth  
Unleased a couple demons but the angels  
Where there first

HOOK (2x)

Angels & demons are living among us  
Angels & demons assemble in numbers  
Demons and angels they been here forever  
Flame to they halos the Ebekenezer

VERSE 2

You heard about the demons  
Now it's time to mention angels  
The Cherubim the Nephilim the ones who wear the  
halos  
There's Camael and Cassiel, Elijah and there's Raphael  
And Michael whos the total opposite of angel Samael  
There's Israfel whos musical and Adonai whos Elohim  
And Mitatron who gets it on and talks to you at night in

dreams  
Nathaniel always hiding things  
And Cassiel's in seventh heaven  
When your born it's Layla who protects your mom  
And saves your melon  
Rachmiel is merciful and Rachiel is sexual  
This track was made for hip hop geniuses and  
intellectuals  
Cathetel protects the vegetables and Duma's silent  
Know this well that Jophiel's the angel of enlightenment  
Uzziel is faithful up in space I pray to Forfax  
Zuphlas is the angel of trees  
So we pray to him for more sacks  
Got to end this with a  
Chitty bang a lang a dang a diggy dang  
These angels coexist with man it's all part  
Of a bigger plan

VERSE 3

We are the son of man the model of perfection  
Appointed guardian angels at our birth for our  
protection  
According to the romans satan wanted his revenge  
Because Abdiel defeated him and cast out all his  
friends  
And the lord said unto them that by the blood of  
slaughtered lambs  
That they lost they place in heaven  
So in turn they torment man  
In the bible in the torah and koran they have they  
mentions  
In reality they holding on and molding this dimension  
So just follow intuition  
Quietly you feel there essence  
This is just an invocation  
I get goose bumps in they're presence  
There is darkness there is light  
There is day and there is night  
As vibrations tickle frequencies  
I never trust my sight  
Keep walking toward the light  
The stench of sulphur  
Nearly chokes you  
It's the devil playing tricks, training the demons so they  
coax you  
There's a battle taking place  
We the people are the prize  
Bite the apple have a taste

Watchful are my fathers eyes
