LYRICS

VERSE 1

Running the Flatlands

We Pounce the Prey the Sabretooths

Mark you with the Music

Like Scars on the cheeks of Seal from Lupus

Barge is floating in Anubis

We the Newest Wordsmithers

Out of sight Like the Space Shuttle

Taking Earth Pictures

Feel the Viciousness

Of the Visitors they Solicit Us

Insist to the this

Come Out from the Mist it is

Slit your Wrist to this

Deliciousness I sink in the Fangs

And rip chunks Out

Must of Y'all niggas is chicken

I'm eating Kung Pao

Like General Tso

So ready to go

I'll smile and shoot you Dead at a show

Flow better before

But what about After?

Execution Kill, what a Master

Slow it up before your heart Explodes from Palpitations

Bout to York Peppermint Patty this shit

A Rap Sensation

VERSE 2

Standing Ovations no Patience Station Set to Blast

A Student of the Teacha

Now I'm principle of Many Class

Now Moving Forth

Pendulous the Rhythm knock you Out the Square

The Jesuits that Slept on Mattresses

Made out of Human Hair

Are in Control

Descendants of Survivors after Auschwitz

Are Trickier than trying to get a Gallon Out of Cow Tits

I douse this and Set it Ablaze  
My Everlasting Flame  
Will burn through the Night and the Thunderstorm  
And the Pouring Rain  
Syringe  
Full of Adrenaline  
Bust through the Chest to Wake the heart  
Everything in Life has gone to Fuck  
And falling all Apart  
Track a la carte  
Come see I got many for you to Pick from  
Feeling Copacetic with the Producer the Snare and Kick  
Drum  
Just another Victim  
You in Trouble and tripped in Quicksand  
Raise you up from the Floor to protect you Like a  
Kickstand  
No Wing Man  
And everything I've done I do it by Myself  
And ain't Nobody gonna give a Fuck if you in Failing  
Health

### VERSE 3

I Never reach a state of Wealth  
All I need is Food and Weed  
I'm saving every penny that I get to leave it to My Seeds  
A world of Greed  
Where everyones just Looking out for Number One  
And blindly dancing to the Rhythm of they Godforsaken  
Drum  
We Fuck and Cum  
The Same objective still Remains to Reproduce  
Just say my Name Three Times to bring me back like  
Beetlejuice  
Know you love and Need abuse  
Don't do it like Anita did  
Everyone should leave Descendants  
Everybody leave a Kid  
So when your gone  
The Blood that flowed inside your Veins Will Carry On  
A blacklisted Outcast like a Roid Raging Barry Bonds  
I'm seeing Past my Physical State  
To the Outer Limits  
Hours Passing by as I'm Meditating are Quick as  
Minutes  
Send the Medics to your Crib right now  
You Caught my Sickness  
December 21st We wont make it Beyond to Christmas  
Be Suspicious with your Mind on the Changes that  
Tweak Reality  
And add Another Meaning to the word
