Girl, what should I do baby  
I can't I can't do anything

You're my everything I need you in my life girl  
It's not time for us to break up yet, we still have a bit of  
time  
Don't you know that I'm the only person who can make  
you smile  
You're also the only person who can make me smile

My heart is about to explode and I hear your heart  
You seem like you don't care as my voice shakes  
My tears keep falling but I hide it as if I'm not  
Now everything between me and you is over

Love is over the promise with you  
Love is over the times with you  
Love is erased, no matter how much I try to call out for  
it

My heart I left vacant is waiting for you (What do I do,  
what do I do without you)  
My spot which has been erased is telling me to go far  
away (What do I do, what do I do without you)

No matter how much I wait, I can't see you ever again  
now  
I can't erase you and each stupid day  
Will never end

My heart I can't stop Break Down  
Your heart which I can't have Break Down  
Trying to forget you as I close my eyes,  
My heart I can't stop Break Down

With the alcohol I consumed yesterday, I try to hold  
onto my sore insides as I open my eyes  
As soon as I wake up, it bothers me instantly as if it was  
expected  
A breakup I can't accept and that I want to step over all  
the moments I loved you to get away from this

Love is over the promise with you  
Love is over the times with you  
Love is erased, no matter how much I try to call out for  
it

My heart I left vacant is waiting for you (What do I do,  
what do I do without you)  
My spot which has been erased is telling me to go far  
away (What do I do, what do I do without you)  
No matter how much I wait, I can't see you ever again  
now  
I can't erase you and each stupid day  
Will never end

My heart I can't stop Break Down  
Your heart which I can't have Break Down  
Trying to forget you as I close my eyes,  
My heart I can't stop Break Down

Your voice that rings in my ears to the point where I'm  
tired of it  
The Melody that can't be washed away by the noise of  
the complicated city  
The times with you have suddenly gone far away with  
the wind  
They've flown away so far where I can't reach out with  
my hands Our Memory

My heart I left vacant is waiting for you (What do I do,  
what do I do without you)  
My spot which has been erased is telling me to go far  
away (What do I do, what do I do without you)  
No matter how much I wait, I can't see you ever again  
now

I can't erase you and each stupid day  
Will never end

My heart I can't stop Break Down  
Your heart which I can't have Break Down  
Trying to forget you as I close my eyes,  
My heart I can't stop Break Down
