Come step your Foot inside my Gravitron  
Why you think Toyota calls them Avalons?  
Modern day Persians  
Wielding DNA from Babylon  
I Train and Trek kilometers  
Surviving Always at it  
Electronic Voice Phenomena  
Cutting through Static  
Peep the Micro Tapes  
The Truth is that the Truth Remain elusive  
And tell me why they always label truth as Inconclusive  
I am Far from stupid  
And getting Close as hell to Masterful  
Knowledge in my Rhymes Abundant  
Bring it by the basketful  
Super Dope Fantastical  
My Radical approaches  
And Does  
What Exterminators do to Cockroaches  
To these Faulty Leaders  
They die in Sinai  
Inside of Cedar  
As the Rooster crows Three times Beside of Peter  
Deep down inside they Cheaters  
Deep down inside they fakes  
Under they Epidermal there's Scales  
That resemble that of Snakes  
Feel it as the Planet Shakes  
We the Cells upon the Crust  
Microbial like in Scope  
Tiny Homo Sapien Dust
