Anti Communist Contras  
In Nicaragua, Sandinistas  
Recruiting Rebel Fighting Commandos  
For the Resistance  
Peep the First Wave  
Bombarding My Lyrics  
Through all your Speaker Cones  
The Radiation Doubles alone  
When you Using Speakerphone  
Vast Networks of devices  
Are now Appendages  
Older Women Praying all Day  
To they Graven Images  
Unearthing Ancient artifacts  
They found a Tomb of Buried Queens  
Etched Upon the White Stone  
The Hieroglyphs were Colored Green  
Or So it Seems  
Antiquities Gleam in the Heat of Cairo  
Blue Beam and Grayish  
The Light from the Norway Spiral  
Watch my Webisodes  
Throw Tags up on the Toes  
Of old Decrepit Foes  
As Legend Goes  
The Beast is Composed  
Of the Souls of P.L.O.'s  
That Decomposed  
The Core of my Soul is a Beating Beacon  
I'm Indispensable to the Movement  
Like Bleeding Deacons  
As You Weaken take a Couple of Minutes  
But Look I'm Feeling Great  
Always Carry a Piece of Paper  
With Symbol Figure Eight  
Lets Wipe the Slate  
And hit the Pollera's  
Chickens For Half the Price  
Santeros, Paleros who Dress in White  
Machete Slice  
I'm So Precise I'll Snipe em In the Night  
From 1300 Yards

Sub Aquatic Mammals  
Are Split open for they Precious Lard  
I'm Avant-Garde  
I'll Probably be Remembered as a Pioneer  
It's Scientific Fact that as Humans  
We all Desire Fear  
They Chugging Beer  
And Bringing they bottles with Them up to the Stage  
Security Blankets  
For Insecure Emcees of Lower Gauge  
You bunch of Drunks  
The Alcohol Atom is Bound to Carbon  
I know what it's Like  
To Perform at the Square Garden  
Was Pardoned  
My Mold Hardened  
My Trainings from all the Rap Greats  
Living With a Legend  
A Templist eating Rap Cake  
I'm Light Years beyond  
Like if Voyager went and Jumped to Warp  
I Only every Had one Suit  
And it was to Go to Court  
The Richest Port Caribbean  
My Bloodline that of Arawak  
Mohammed Abdel Rahman Abdel Raouf  
Was Arafat
